- Entrants will be required to run a simple reining pattern first and then call for the cow and do single cow work as outlined below.

Reining Pattern

1. Enter the arena and pick up a lope on the left lead before reaching the first marker. Make one medium sized circle to the left, change leads in the center of the arena; make two medium sized circles to the right. Come back to the middle and change leads to the left. Continue loping around the end of arena without stopping.
2. Run down the center of the arena past the end marker and come to a square sliding stop. Make two and one-half turns to the left.
3. Run back to the other end of the arena past the marker and come to a square sliding stop. Make two and one-half turns to the right.
4. Run past the middle marker and come to a square sliding stop.
5. Back up 10-15 feet in a straight line.

Cow Work

1. After completing the reined work, contestant will call for the cow.
2. Take the cow to the end of the arena and box it.
3. Proceed down the fence approximately 2/3 the length of the arena. Obtain at least one good turn each way.
4. After the last turn on the fence, contestant will then take down his/her rope and rope the cow around the neck, stop it, turn and face the cow towards the horse, pause and then take the cow to the catch pen where the rope will be removed. **There will be a two loop limit in the roping portion of the work.
